The Clerk informed Members that the rubbish was collected on a Wednesday on a weekly basis but suggested that as an initial improvement measure the collection day could be changed to a Friday coupled with active monitoring of the site for the time being. This would ensure the bins were empty before the weekend when most families used the facilities. However, if after the initial measure there was no visible sign of improvement then consideration could be given to increasing collections to two per week.

Following a discussion, it was

**134. TRANSFER OF ASSETS  
LLWYNHENDY AND PWLL EDUCATION CENTRES**

Members received the report of the Community Development Officer on the recent interaction with the Corporate Property Department, Carmarthenshire County Council regarding its plans for the former education centres at Llwynhendy and Pwll.

Up until April 2017, the two education centres situated at Llwynhendy Road and Pwll Road were occupied by Carmarthenshire County Council Education Department, however, the service had now been relocated to Burry Port, leaving the buildings vacant and surplus to use.

The buildings were not on the community asset transfer list and were being considered for commercial sale. However, if a robust business case was received from the community for an alternative use then the County Council would give it due consideration.

Public meetings had been held at both locations with positive support received from both communities. Local residents had informed the Council the need for a community centre in Llwynhendy and Pwll via meetings, questionnaires, surveys and other consultation methods.

Following a lengthy discussion whereby Members raised concerns on the condition of the buildings, it was

2. Enquiries be made with the Land Registry to confirm the registered 'Title of Land' of the buildings;
3. Quotations be sought for a full building survey condition report on both buildings;
